

Transcription „Our Mission”

“Thank you so much for taking your time and to watch at our website.
I am Andreas Heinecke, the co-founder of Dialogue Social Enterprise and that’s the team behind me, I am really delighted, it’s such a great team.

What are we doing? We believe in exhibitions as a transformative instrument to change people’s mind sets towards otherness. We developed certain exhibitions, like “Dialogue in the Dark”, “Dialogue in Silence” and “Dialogue with Time”; based on a social franchise system we succeeded to spread our ideas over the last 30 years to almost 50 countries.

If you are interested, please do not hesitate to contact us. We would be delighted to help you to bring one of the Dialogues to your place.”
